

Terminal Block Series

IR, Power and Ethernet Wiring Tools

FEATURES

TB-CW

- 2 IR (3.5mm)
- 2 IR (+/-)
- 4 12v power OUT
- 1 12v power IN

TB-EP

- 2 Ethernet ports
- 1 IR port
- 1 12v Power IN

TB-IR

- 2 IR (3.5mm)
- 2 IR (+/-)

Calypso Control Systems offers a variety of terminal blocks designed to help simplify and speed wiring and installation for Systems Integrators.

TB-CW

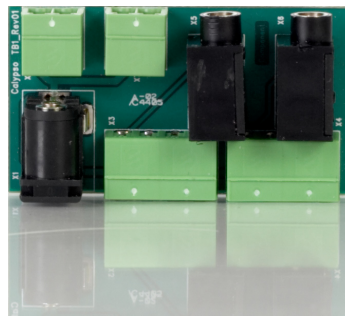

The TB-CW terminal block provides power and IR distribution for up to 2 CW-1000 Calypso wall mount, programmable IR button panels using a single CAT5, or similar cable.

TB-EP

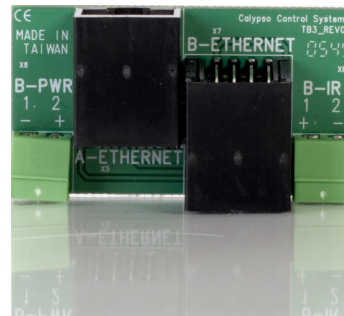

The TB-EP terminal block combines power, IR and Ethernet over CAT5 (or similar) cable, without disrupting standard, 100mb data communications. This solution provides an effective way to simplify wiring between devices, especially when CAT5 cabling is already in place or otherwise required.

TB-IR

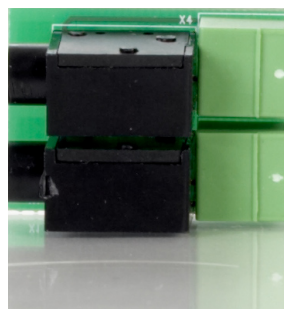

The TB-IR terminal block is used to split or combine IR signals and is a great alternative to purchasing custom IR cables.

Terminal Block Series

Wiring Diagrams

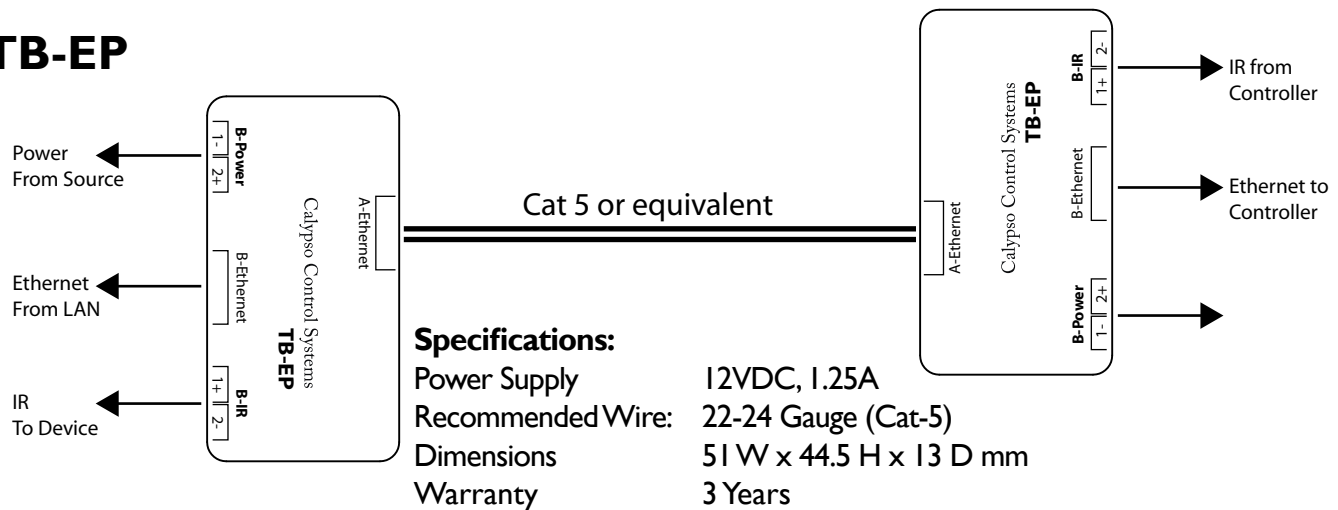

TB-CW

Specifications:

Power Supply: 12VDC, 1.25A
 Recommended Wire: 22-24 Gauge (Cat-5)
 Dimensions: 51 W x 44.5 H x 13 D mm
 Warranty: 3 Years

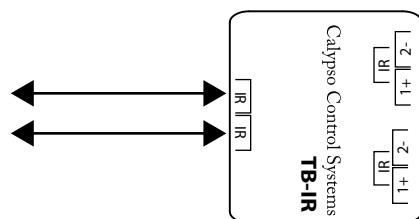

TB-EP

Specifications:

Power Supply: 12VDC, 1.25A
 Recommended Wire: 22-24 Gauge (Cat-5)
 Dimensions: 51 W x 44.5 H x 13 D mm
 Warranty: 3 Years

TB-IR

Specifications:

Power Supply: 12VDC, 1.25A
 Recommended Wire: 22-24 Gauge (Cat-5)
 Dimensions: 32 W x 19.5 H x 13 D mm
 Warranty: 3 Years

ORDERING INFORMATION

Part Number	Description
ICY/TB-CW	wiring terminal block for CW-1000 (optional)
ICY/TB-EP	wiring terminal block for ION-LT (optional)
ICY/TB-IR	wiring terminal block for IR wire extension (optional)
