

TECHNOLOGY DISTRIBUTORS

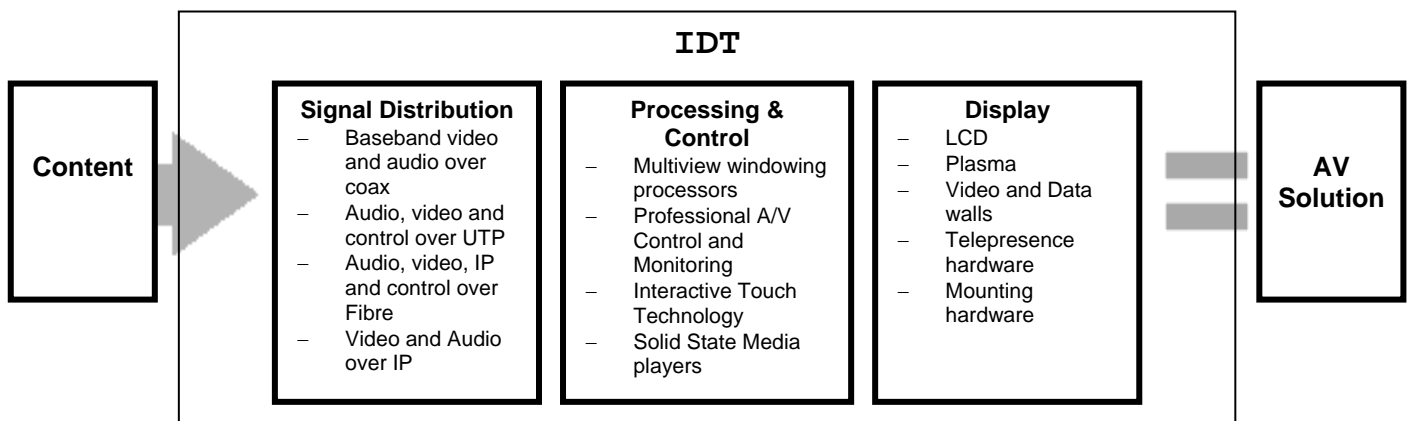

Company Profile

Image Design Technology (IDT) is one of Australia's premier importers and distributors of world leading audio, video and data distribution and display technology. With ten years in operation, IDT has been providing specialised support to AV professionals across Australia and has representatives in Sydney, Melbourne, Perth, Brisbane and Auckland NZ.

IDT works with resellers and integrators servicing various AV applications including:

- corporate
- retail
- education
- digital signage
- command and control rooms
- pub, club and entertainment venues

Representing local and international brands with products built and engineered to the highest quality, IDT offers a total solution to organisations seeking a first-rate audio, video and data distribution and display system.

Brands represented: Avitech International, Calypso Systems, Communication Specialties Inc., DVD Telepresence, IDT brackets and mounts, HaiVision, Jupiter Control Systems, Korteck, Magenta Research, Marshall Electronics, NEC, NextWindow, Obonok, Planar Systems, Pioneer, Roku and Samsung.

IDT adds value to the distribution process by offering strong product knowledge, technical support and retaining a large inventory of demonstration product.

As a trusted partner of its reseller and integrator network, IDT has been integral in the successful design and implementation of first-class display and distribution solutions with organisations in corporate, government, commercial, industrial and defence markets.

Some examples of recent integrations include:

- Control room video wall solution for Australia's 2nd largest telecommunications company in partnership with Rutledge Engineering.
- School wide integrated AV solution in 98 classrooms for Ipswich Grammar School in partnership with Skehan Antennas.
- Multiview display solution for Foxtel, Australia's premier pay TV provider.

IDT offers support to consulting engineers in the development of technology specifications for industry tenders.
