### ***Extended Lamp Warranty***

Project all you want, worry-free! The Extended Lamp Warranty extends the standard 90 day or 6 month lamp warranty (depending on model) to 1 year. Better yet, there is no need to worry about tracking lamp hours as there are no restrictions on lamp usage and there are no limits to claims exercised during the warranty period. However, InFocus may require unit to be sent in for repair or evaluation when multiple lamp claims are exercised within warranty period.

**Terms and Conditions:** This Extended Lamp Warranty provides a total of one (1) year of coverage on the lamp for your InFocus or ASK Proxima product. Warranty coverage begins on the date of the original purchase of the lamp, whether purchased separately as a replacement, or as the original factory-installed lamp. Extended Lamp Warranties may not be compounded. This Extended Lamp Warranty is subject to all limitations and exclusions set forth in the limited warranty statement for the associated product. For a copy of the limited warranty statement, please refer to your product's User Guide. To be eligible for extended warranty coverage, the lamp's original factory warranty must be valid.
