

# PR3020 XGA DLP® Projector

FEATURES	BENEFITS
2500 ANSI Lumens	2500 ANSI lumens XGA DLP® projector is bright enough for any room you'll encounter
Top-loading lamp	Saves you time and money – no need to get service technician to swap the lamp., It's easy-to-replace the lamp from any position – even while ceiling mounted
Monitor-out	Monitor loop-through outputs the PC image to a monitor at the same time as the screen perfect for classroom presentations
Separate Audio and video inputs	Full connectivity including separate, standard connectors for easy set up including separate audio inputs for computer and video
Three brightness modes	Economy, standard and boost brightness modes let you adjust to any environment and extend the lamp life
Up to 4000 hours lamp life	Exceptionally long life lamp – up to 4000 hours stretches your investment
Full-featured remote control	Full-featured remote control with laser pointer and page up/down control for seamless presentations
Ships bundled with everything you need	We include the deluxe carry and storage case and all the accessories or cables you need to start your presentations (laser pointer remote, power cord, USB cable, computer cable, AV cable and audio cable)
Built-in speaker	5W TrueMedia™ SPL built-in speaker and audio-output jack for external speakers, controlled with the remote for better sound reproduction and seamless multi-media presentations
Front and rear IR pickups	More responsive remote control allows the presenter to move throughout the room
RYGWB color wheel	Richer colors with RYGWB color wheel versus competitors RGBW models
Anti-theft security features	Kensington® security lock slot and projector password protection lockout help you secure your investment
Warranty	Backed by Planar's 3-Year Warranty your investment is protected
DLP® Technology	Higher contrast, smaller projector, longer life.

**Powerful. Flexible. Performance.**

The Planar PR3020 is the ideal DLP® projector for conference rooms, yet compact enough to move from room to room. A performance DLP® projector with the brightness and resolution you need for your shared resources or dedicated conference room projectors. The Planar PR3020 XGA projector delivers exceptional performance and all the features you need in a business projector, including easy lamp replacement even while ceiling mounted, and monitor loop-through for easy classroom-style presentations. The Planar PR3020 is the ideal projector for nearly any size conference room yet compact enough to move from room to room.
