Architectural Specifications

The projector mount will be a Premier Mounts Polaris Pro, or equivalent, and can be used to mount projectors from the ceiling. It will mount to an AST-2446, or any custom 1-1/2" length of NPT pipe. It will be made of cold-rolled steel. It will feature MagnaGuide Technology which assists the installer for quicker installation times. The Polaris Universal Projector Mount is height adjustable (depending on the length of NPT pipe that is used) to help achieve the perfect viewing height. It will incorporate security screws at all mounting and adjustment points. It will also allow cable management inside the NPT pipe. It will be UL listed and approved. Assembly and installation will be performed according to the instructions provided by the manufacturer.

- Surface Types - Ceiling
- Weight Capacity - 10lbs.
- Dimensions - 4.00" (W) x 7.24" (H)
- Attachment - 1-1/2" NPT Pipe and Magnets
